Boys to Men Mentoring

2023 SPONSOR PACKET

BOYS TO MEN MENTORING

Since its founding in 1996, Boys to Men has mentored more than 12,000 boys and helped them find their "true north" through our three proven principles: Encourage, Empower, and Engage. They currently serve 650+ boys weekly in our in-school and after-school mentoring programs that span over 29 schools and 7 districts in San Diego County. The model is so powerful it has been replicated around the planet with 13 communities in the United Sates, as well as England, Germany, India, South Africa, New Zealand and Canada. A remarkable movement that we are inviting you to be a part of.

OUR MISSION

Our mission, at Boys to Men Mentoring, is to build communities of male role models who, through consistent group mentoring, encourage and empower teenage boys to follow their dreams.

PROGRAMS

In-School Mentoring Programs

Our in-school group mentoring program connects 650+ boys with caring male mentors weekly. Boys learn to develop their social-emotional and decision-making skills through discussion and activities, improve their self-esteem, and become accountable and responsible young men.

Adventure Mountain Weekends

Our transformative Adventure Mountain Weekends offer boys the opportunity to build relationships with their peers and mentors and identify the barriers preventing them from meeting their goals while exploring what kind of man they want to become.

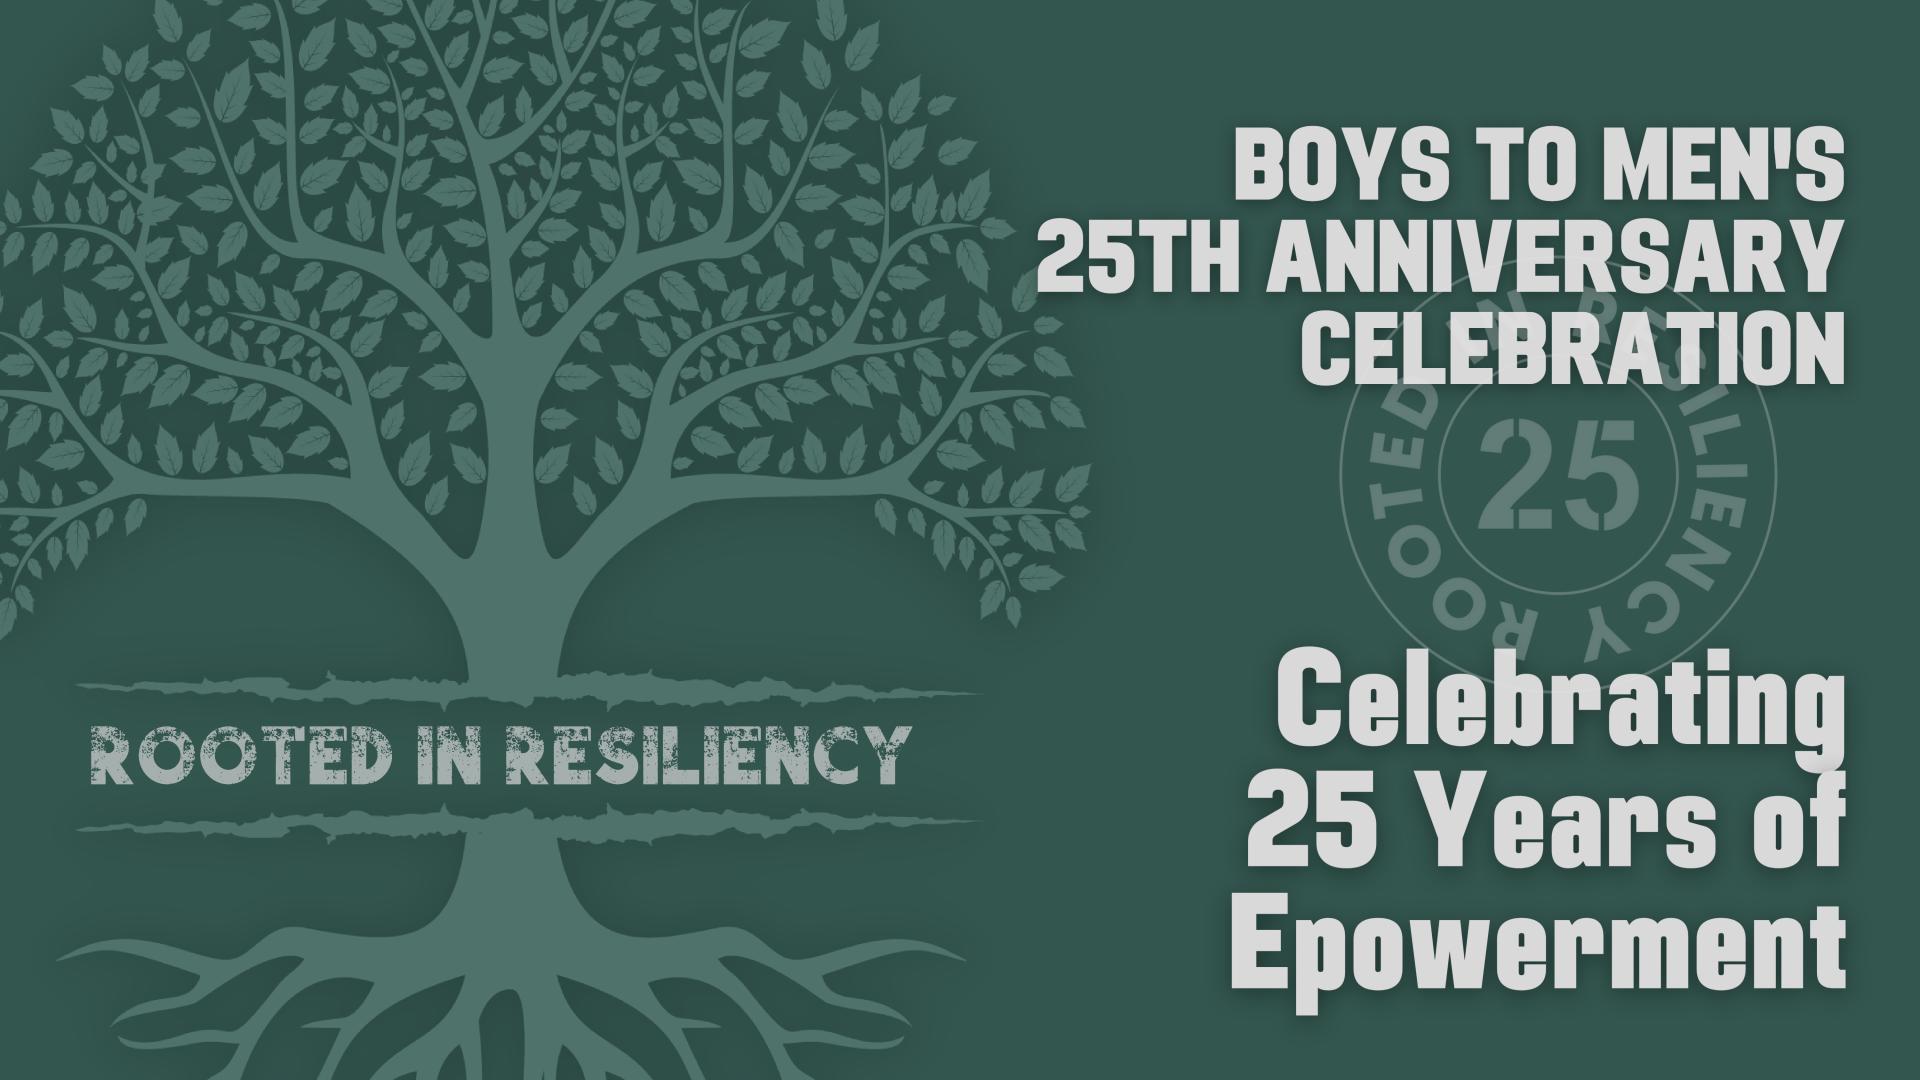

Summer Program

To keep our boys and mentors engaged year-long, Boys to Men runs a robust Summer Program filled with exciting hiking excursions, sun-soaked surf nights, and other daring adventures.

Mentor Training

Boys to Men offers a transformational overnight training that allows mentors to enhance their listening, empathy, compassion, and connection skills to be able to provide high-caliber mentoring services for our boys. Additionally, we host monthly training for our mentors to stay up-to-date on best practices and different mentoring techniques.
